A migrant cries leaning on an ambulance as a person she knows is attended by medics after a fire broke out at the Mexican Immigration Detention center in Juarez on Monday, March, 27, 2023. A fire in a dormitory at a Mexican immigration detention center near the U.S. border left more than three dozen migrants dead. It was one of the deadliest incidents ever at an immigration lockup in the country. PHOTO BY OMAR ORNELAS /THE ASSOCIATED PRESS

INA 212(f) expulsions

<https://www.americanimmigrationcouncil.org/research/understanding-ina-section-212f-president-authority-suspend-entry-noncitizens>

Under Section 212(f) of the Immigration and Nationality Act (INA), the president of the United States has the authority to “suspend the entry” of certain noncitizens into the United States under certain circumstances.

Expulsions en vertu de l'article 212(f) de l'INA

En vertu de l'article 212(f) de la loi sur l'immigration et la nationalité (INA), le président des États-Unis est habilité à suspendre l'entrée de certains non-citoyens aux États-Unis dans certaines circonstances.

Expedited Removal

<https://www.americanimmigrationcouncil.org/research/expedited-removal#:~:text=Published,hearing%20before%20an%20immigration%20judge.>

Expedited removal is a process by which low-level immigration officers can summarily remove certain noncitizens from the United States without a hearing before an immigration judge. Undocumented immigrants placed in expedited removal proceedings are entitled to access the asylum system if they express fear of persecution, torture, or of returning to their home country.

L'expulsion accélérée

L'expulsion accélérée est une procédure par laquelle des agents d'immigration de rang inférieur peuvent expulser sommairement certains non-citoyens des États-Unis sans audience devant un juge de l'immigration. Les immigrants sans papiers faisant l'objet d'une procédure d'expulsion accélérée ont le droit d'accéder au système d'asile s'ils expriment des craintes de persécution, de torture ou de retour dans leur pays d'origine.

<https://www.uscis.gov/humanitarian/refugees-and-asylum/asylum/questions-and-answers-credible-fear-screening>

Q. What is a reasonable fear of persecution?

A. You credibly establish that there is a "reasonable possibility" you would be persecuted in the future on account of your race, religion, nationality, membership in a particular social group, or political opinion. The legal standard is the same standard used to establish a well-founded fear of persecution in an asylum case.

Q. What is a reasonable fear of torture?

A. You credibly establish that there is a "reasonable possibility" that you would be subject to torture, as defined in the Convention Against Torture.

<https://www.uscis.gov/humanitarian/refugees-and-asylum/asylum/questions-and-answers-credible-fear-screening>

Q. Qu'est-ce qu'une crainte raisonnable de persécution ?

A. Vous établissez de manière crédible qu'il existe une « possibilité raisonnable » que vous soyez persécuté à l'avenir en raison de votre race, de votre religion, de votre nationalité, de votre appartenance à un groupe social particulier ou de vos opinions politiques. La norme juridique est la même que celle utilisée pour établir une crainte fondée de persécution dans une demande d'asile.

Q. Qu'est-ce qu'une crainte raisonnable de torture ?

A. Vous établissez de manière crédible qu'il existe une « possibilité raisonnable » que vous soyez soumis à la torture, au sens de la Convention contre la torture. (Voir la définition de la torture dans le glossaire à droite.)

Obtaining Release from Detention

In order to try and parole an individual from ICE custody we will generally need to get a letter of support from an individual with legal status in the US explaining why he or she is willing to sponsor the detained individual, how the individual is known to the sponsor, and what if any specific assistance will be provided. Also we try and get a signed I-134 Declaration of Financial Support along with proof of US status and proof of financial ability, such as Tax Return, W2, Paystubs, Bank Account Statements etc. The I-134 Declaration of Financial Support is not legally binding.

<https://www.uscis.gov/i-134>

Here is a helpful resource on parole:

<https://www.cliniclegal.org/resources/parole/all-about-parole-practice-advisory>

Obtenir la libération de la détention

Pour obtenir la libération conditionnelle d'une personne détenue par l'ICE, nous avons généralement besoin d'une lettre de soutien d'une personne ayant un statut légal aux États-Unis expliquant pourquoi elle est disposée à parrainer la personne détenue, comment elle est connue du parrain et quelle assistance spécifique elle recevra, le cas échéant. Nous nous efforçons également d'obtenir une déclaration de soutien financier I-134 signée, accompagnée d'une preuve de statut américain et de capacité financière, telle qu'une déclaration de revenus, un formulaire W2, des bulletins de paie, des relevés de compte bancaire, etc. La déclaration de soutien financier I-134 n'est pas juridiquement contraignante.

Detention Policies

When an alien is not subject to mandatory detention or is not deemed to be a public safety or flight risk, ICE exercises its discretion in making custody determinations to release aliens with conditions. These custody decisions are made on a case-by-case basis and after considering the totality of circumstances — **primarily considering risk of flight, national security threat and risk to public safety.** ICE also takes other factors into consideration — including when an alien has a serious medical condition, is the primary caregiver of minor children, or other humanitarian considerations.

Politiques de détention

Lorsqu'un étranger n'est pas soumis à une détention obligatoire ou n'est pas considéré comme présentant un risque pour la sécurité publique ou la fuite, l'ICE exerce son pouvoir discrétionnaire pour décider de sa mise en détention et de sa libération sous conditions. Ces décisions sont prises au cas par cas et après examen de l'ensemble des circonstances, **principalement en tenant compte du risque de fuite, de la menace pour la sécurité nationale et du risque pour la sécurité publique.** L'ICE prend également en compte d'autres facteurs, notamment lorsqu'un étranger souffre d'une maladie grave, est le principal responsable de la garde d'enfants mineurs ou tient compte d'autres considérations humanitaires.
